## **PLEASE READ CAREFULLY BEFORE ORDERING**

### **GUARANTEE**

We exercise the greatest care to have first-class bulbs true to name and will replace free any stock proving otherwise. Please notify us at once if shipment should not arrive in a satisfactory condition.

### **ORDER EARLY**

Many varieties are sold out early. Order promptly to avoid disappointments. But late orders will receive careful attention.

### **TERMS**

Our terms are Net Cash before shipment unless arranged otherwise. 25% will hold winter orders until March first. Orders not fully paid for will be sent C. O. D. for the balance at time of shipment to you.

### **GRATIS**

All orders are filled with a very liberal overcount. Gratis of varieties other than ordered are included in each customer's package. We strive to keep our prices as low as other reliable growers, and will gladly include overcount to cover any reasonable reduction after list is issued.

### **POSTAGE**

All orders amounting to \$1.00 or over will be sent prepaid to any point in United States and Canada, if taken from our Prepaid List. On orders of less than \$1 add 15 cents postage.

### **PRICES**

Prices listed herein cancel all previous quotations. All stock offered and orders accepted subject to prior sale. We will gladly meet any other grower's prices where possible.

### **WHOLESALE PER THOUSAND**

If you will send us your list of wanted varieties, stating quantity and size of each, we will be very glad to quote you **SPECIAL REDUCED PRICES** on gladiolus bulbs **PER THOUSAND**, either Prepaid or f. o. b. Seabrook, N. H., as you prefer.

**PLEASE MAKE MONEY ORDERS PAYABLE AT THE EXETER,  
NEW HAMPSHIRE, POST OFFICE**

**Please Select Second Choice, if Possible**

of TOKEN

### APPRECIATION

is extended to all who have contributed orders each year, several having made selections during their visits to our many acres of Gladiolus, blooming from July 15th until frost. These orders have made it possible for us to continue supplying you with extra fine, healthy, A-1 quality stock, at reasonably low prices.

We are located on U. S. Route 1, the main highway to Portsmouth, N. H., six miles from Newburyport, Mass.

### VISITORS CORDIALLY INVITED

We sincerely thank you,

**SEABROOK NURSERIES**

Seabrook, N. H.

## CARE AND CULTURE OF GLADIOLUS

Select a sunny location away from the roots of trees and shrubs. Plant four to six inches deep, having bulbs five or six inches apart.

Place bulbs in a well worked trench in staggered or zigzag row— . . . and cover at first with about two inches of loam; when shoots begin to appear, work balance of loam into the trench. At all times keep the soil loose. As an aid to producing larger blooms work in fertilizer around the plants when about a foot or more in height and never at planting time. At the time flower spikes appear, abundant watering is very beneficial.

Bulbs should be dug as soon as you note the leaves turning yellow. Cut stem off half an inch above bulb, spread them out to dry for two or three days in a sunny location and then place in an open shed or room for two weeks or more before storing them away in a cool dry cellar. Keep them spread out and not over three inches deep, give bulbs an occasional airing during the winter.

When cutting flowers leave at least four leaves remaining on the plant. Positive injury to the blooming qualities of the bulbs for the following year will occur if this precaution is not heeded.

For cut flowers, cut the spike when first bud fully opens. The remaining buds will open nicely and give a longer period of bloom and greater enjoyment.

Remove wilted blossoms, change water and cut off small portion of the stems each day.

---

## CONTROL OF THRIP

This insect can be carried on clothing, from one field to another by birds, high winds or in bouquets. Many bulbs are perfectly clean when planted, yet contract Thrip before season is over.

Thrip are black and cream, 1-16 inch long and live in the folded gladiolus leaves. Sometimes they can be detected by the silvery sheen on leaves, although many times discovery is too late and the buds do not open, as the insect has extracted all juice from them previously.

When plants are about four inches tall and thrip is found, it is best to use a solution of the following as a weekly spray. One rounded tablespoon of Paris green, two pounds of brown sugar and three gallons of water well mixed. The solution must get into the folded leaves to be effective.

Or, if preferred, use 1 pound Tartar Emetic, 4 pounds brown sugar to 25 gallons water for weekly spray. Tartar Emetic is a deadly poison to human beings.

If discovery is made too late, it is best to cut tops off, about six inches from ground and burn them, allow bulbs to stay in ground until digging time. The above spray can be used on remaining stalk to kill anything which might be left.

Dig, clean and dry bulbs in usual manner. Place thoroughly dry bulbs in boxes, heavy paper bags or receptacles. Sprinkle Naphthalene Flakes at the rate of 1 pound to 2000 bulbs or 1 ounce to 100 corms over bulbs. Immediately cover receptacles with heavy paper or tie heavy paper bags at top to confine fumes. Keep bulbs at temperature of about 60 degrees for three weeks. Then shake off ALL FLAKES and store bulbs in dry place, uncovered, at 40-50 degrees for winter.

**Warning**—Treat stock in Fall, before roots swell or form at base. Naphthalene adhering to bulb will burn rootlets where they appear. Bulbs must be thoroughly dry before treating with Naphthalene.

Bichloride of Mercury can be used to disinfect in proportion of 1 ounce to 8 gallons of water, or 10-5 grain tablets to gallon water, or if only a small amount of bulbs use 1-5 grain tablet to 1 pint water, soaking bulbs in solution for 3 hours. If many varieties to soak at same time, place them in sugar, salt or net bags, labelling each variety, using little wood labels. A waterproof pencil can be used on the labels for marking.

**NAPHTHALENE FLAKES, 2 POUND PACKAGE, 50 CENTS**

## **MIXTURES**

We have long been noted for the excellence of our mixtures, stating, with reasonable assurance, that there are but few growers able to offer as varied and choice assortments such as we assemble. The bulbs are all 1 $\frac{1}{4}$  inches and over, and not the medium bulbs 1 inch or smaller, such as many offer at even greater prices. If you want medium bulbs, pay only what you should.

### **GARDEN MIXTURE**

Composing many fine varieties, all colors. Splendid for a gorgeous garden display or flowers for cutting. \$2.00 per hundred, fifty for \$1.00 or 25c a dozen. Medium bulbs \$1.25 per hundred.

### **PRIMULINUS MIXTURE**

For daintiness and quality, there is nothing that can equal our Primulinus Hybrids. For table or interior decorating, they are unsurpassed. \$3.00 per hundred, fifty for \$1.50 or 50c doz. Medium bulbs \$1.50 per hundred.

### **SEABROOK MIXTURE**

#### **Exhibition Types**

Made up of a large number of very choice varieties of superior merit. If bought under name the bulbs would cost many times the price asked. \$4.00 per hundred, \$2.00 for fifty, 60c doz. Medium bulbs \$2.50 per hundred, \$1.25 for 50.

### **DELUXE COLLECTION**

To satisfy the demand for a mixture containing the choicest varieties that it would be possible to buy for a reasonable price, we offer this collection with the assurance given that you will be agreeably surprised at the wonderful value. Every bulb that is put into this collection is from a variety of the finest exhibition type and collection well balanced as to colors. \$6.00 per hundred, \$3.00 for fifty, \$1.50 for twenty-five. Medium bulbs, \$4.00 per hundred. \$2.00 for 50.

### **COLOR COLLECTION**

Ten large bulbs, each color labeled, 100 bulbs in all, Yellow, Red, Pink, Cream, Salmon, Lavender, White, Purple, Orange and Old Rose. These are put up in three grades, \$2.00, \$4.00, and \$6.00. We can assemble these also in packages of 5 each at half price.

### **IRIS**

We have numerous varieties not labeled that can only be sold in mixtures. All good sorts in a varied collection, \$1.00 dozen. Try a dozen or more.

Above—1939 Exhibit which won New England Gladiolus Society Gold Medal, Seabrook Nurseries Perpetual Trophy, and Massachusetts Horticultural Society Gold Medal Certificate for Most Meritorious Display.
